To respect the practices of our host faith community, please **dress modestly** (arms and legs covered, no low necklines). **Women should wear head scarves**; some will be available for those who do not bring their own. **Guests will be asked to remove their shoes** to protect the flooring and carpets in the prayer hall. People traditionally sit on the floor, but chairs will be available for those who need them. **It is not traditional for men or women to shake hands** when greeting persons of the opposite gender.
